

St. Cecilia's Public School Earth Day Celebration

On 20th April 2019, the students of St. Cecilia's Public School had a competition to spread awareness on 'Earth Day'.

To conserve the Earth and to spread awareness about it, students of class VI did a drawing competition. The theme was to 'Save Earth, Save life'.

Students of class VII made paintings about Earth (how humans are depleting it) and students of class VIII wrote slogans to inspire the young minds.

The main idea behind these competition were to inculcate awareness about our 'Mother Earth'.

Earth is our mother, respect her and value her; She'll give you immense to satisfy your needs.
