

St. Cecilia's Public School

Scientia Club competitions

(Slogan Writing and Science Toon Competition)

'Scientia club' of St. Cecilia's Public School organized 'Science Slogan Writing Competition' for classes IV to VI and 'Science Toon competition' for classes VII and VIII on April 15, 2017. The competition gave the children the unique learning opportunity to explore scientific concepts and express them in an interesting way. Students chose their own mode of illustrations and choice of art work. The event witnessed students exploring diverse topics depicting various theoretical concepts of Physics, Chemistry, Biology and allied sciences in an attractive and interesting way. Students participated with great enthusiasm and plethora of creative ideas in the Science Slogan and Science Toon competitions. The event merged creative potential of the children.
