Subject: Prevention and Control of Vector borne diseases (Dengue, Chikungunya and Malaria, etc.)

Dear Parents,

We all must work in unison to safeguard our children from various Vector Borne Diseases in the rainy seasons. It is only in a healthy body and mind that success, happiness and contentment reside. Directorate of Education, Govt. of NCT of Delhi every year raises its concern regarding the menace of vector borne diseases.

Hence, in continuation with the advisory issued from time to time the preventive measures may kindly be observed for the safety and well being of everyone, so that the health condition is kept in check, not only in school premises but also at home.

Students are advised to use mosquito repellent creams / oils to prevent mosquito bite on exposed body parts during peak period. Parents are requested to observe the symptoms for any of these diseases and kindly oblige the school authorities by not sending their ward to the school in the interest of everyone. It is requested that the child takes proper rest at home and comes back to school happy & healthy, with full vigour to give her/his best in the school.
