**Welcome to New Session
Principal**

Dear Parents and Students,

“Education is the passport to the future, for tomorrow belongs to those who prepare for it today.”

With this goal in mind, we are glad to announce the commencement of the new session, 2021-22. We hope for the well being of you all. To embark on a new journey, sound health is of utmost importance. We wish that you will continue to take precautionary measures for protection against Covid-19.

Innumerable lessons were learnt from the session 2020-21. Amidst the pandemic, the school successfully conducted teaching-learning through the online mode. Plethora of activities including the celebration of festivals and club competitions were organized with the aim of holistic development of students. **We aim our students to be instilled with the Values of Wisdom, Knowledge, Courage, Humbleness, Honesty and Character for their prospering present and future.**

As we all know that a child's educational prospects flourish with the active involvement and cooperation of parents. When the school and parents join hands in sharing the responsibility, it heralds success. So, we appreciate the efforts of parents who engaged themselves during the online mode of teaching and we request all to vigorously supervise their ward's progress in the new session.

Lately, teachers also began sharing their audio notes on positive attitude to guide students so that they become wise and responsible humans of the society. We aim to help them attain knowledge with the building of a virtuous personality. We seek whole-hearted support of parents in our noble endeavour so that their wards can have a bright future ahead.
