Eco Club

Dear Parents and Students

Academic session of year 2022-23 is about to end. Usually students dispose their old note books. We are sure that few blank pages must be left in your each note book which is either sold or thrown in dustbins.

Eco-club of St. Cecilia's public school is taking initiative to invite all the students to bring your all blank pages to the School on first day to make its best use. Such blank pages will be provided to students themselves at time of need so that they should not tear pages from their new note books.

Make sure that we will optimize the best use of your paper.

"OUR AIM IS TO REDUCE THE WASTAGE OF PAPER AND REUSE THIS FOR A BETTER CAUSE"

Let's save paper as, "One small step towards paper conservation, one giant leap towards sustainability!"
