Subject: Advisory regarding Restriction on the use of mobile phones in school premises

Dear parents,

Mobile phone is one of the most commonly used gadgets in today's life of a student. We must reflect on this over dependence on the use of smart phone by our children as the over use of smart phones can result in depression, anxiety, social isolation, hyper –activity, hyper-tension, sleep loss and poor eyesight. It causes distractions in studies and negatively impacts academic performance.

Keeping such harmful repercussions in mind the use of mobile phone needs to be regulated not only in school premises but also at home. The school from 3rd October 2023 is putting a restriction on students to bring mobile phone to school. Mobile phones will not be allowed in the school premises for students. The parents in case of any emergency can make call at the school reception. This step is being implemented to aim at constructing a more meaningful learning atmosphere for a better ambience and school environment for the students.

We seek your support and cooperation in avoidance of detrimental influences of mobile phones on the mental, physical, emotional, psychological health of a child.

Regards,

InderpreetBhumra

Principal
