Subject: Cyber Safety Guidelines for Students and Parents

Dear Parents,

With the rapid expansion of digital technologies, students increasingly engage with online platforms for learning, communication and entertainment. Unfortunately, this has given rise to a surge in cybercrime conducted through digital devices which includes online frauds, hacking, cyber bullying, etc. It is imperative to remain vigilant about the risks involved in online activities and take proactive measures for prevention.

The Indian Cyber Crime Coordination Centre (14C) operating under the Ministry of Home Affairs is actively spreading awareness about cyber safety. We strongly encourage all the students and parents to review the attached guidelines on how to protect your personal information in the digital age.

Creating a safe digital environment is one's own responsibility. We must work together and stay cautious to keep cyber crimes at bay.
