

**Ref. No. St.CPS/ 2025/26/ SP/23**

**Circular**

**Dated: 18.08.2025**

**Subject : Advisory**

St. Cecilia's Public School aims to see Cecilians into virtuous, passionate and hard working individuals who are disciplined, responsible & follow rules and regulations with honesty.

As per the guidelines of the Traffic Police Department, children below the prescribed legal age are not permitted to operate motor vehicles. In light of this, the school earnestly requests the cooperation of all parents/ guardians in ensuring that students do not drive themselves to school under any circumstances. Instead, we encourage parents to make safe travel arrangements for their wards so that they arrive at school securely and on time.

Together; by reinforcing this responsibility at both school and home, we can provide our children with a safe environment that reflects our shared concern and care for their future. We deeply value your support in upholding this advisory and trust that, with your cooperation, we can prevent any untoward incidents.

Regards,

**PRINCIPAL**
