

St. Cecilia's Public School Certified Cambridge Assessment English Centre

St. Cecilia's Public School has been honoured with a certification from Cambridge Assessment English, a part of University of Cambridge authorizing and recognizing the school as a certified centre that prepares candidates for Cambridge English Qualifications. The Certificate was issued by Francesca Woodward, Director, Global Network, Cambridge Assessment English.

It was a matter of great honour as Madam Principal was felicitated with the certificate and display plaque stating the school as 'We prepare for Cambridge English Qualifications.' Madam Principal congratulated the school CAE Team previously addressed as CELA. She also appreciated the support of parents who had enrolled their children in CAE Classes (i.e. CELA) to make it a huge success.
