

St. Cecilia's Public School
Assembly
Class- VIII B
Date- 16 April 2025
Topic- Earth Day

On April 16, a special assembly was conducted in the school to observe Earth Day. The program aimed to raise awareness among students about environmental conservation and keeping the surroundings clean.

The assembly began with a thoughtful message delivered by the students, encouraging everyone not to litter and to keep their environment clean. Following this, a beautiful and impactful dance performance was presented on an inspiring song related to Earth Day, which further conveyed the message of environmental awareness in a creative and engaging way.

All the students listened attentively and participated actively. After the performances, the class teacher of Grade 8-B addressed the students and explained the key points of the assembly, emphasizing the importance and significance of Earth Day.

The event concluded with an encouraging address by the Principal ma'am, who motivated the students with her valuable words and urged everyone to take responsibility towards protecting our planet.
