

# St. Cecilia's Public School Ethical Issues related to IT

## Classes-VI-IX

Date: 06.02.25 and 07.02.25

Workshop-Ethical Issues related to IT  
Presented through Power point Presentation

A Workshop was organised by GEEKOZ IT-Club for the students of classes VI-IX on 06.02.25 and 07.02.25 on the topic- "Ethical Issues related to IT".

The workshop, conducted through a **PowerPoint presentation**, aimed to educate students on various ethical challenges in IT faced in today's society. The event was organized to raise awareness and encourage critical thinking about ethics, moral responsibility, and decision-making. First of all ,the students were given an introduction about Ethical issues in general. Later they were given awareness about the Ethical issues related to IT like Personal Privacy,Spreading misinformation, Plagiarism and many others and their consequences. Videos were shown to them to explain the topic in an entertaining way.

The session sought to discuss practical ethical dilemmas, guiding principles for making ethical decisions and how these issues affect individuals and society as a whole.
