

St. Cecilia's Public School
General Awareness Quiz
Primary Wing
April/May

Quiz encourages students to develop their confidence and the thirst to learn more in a play way. Each child gets encouraged to know more by reading, knowing facts, watching informative channels and news through this activity.

Quiz club organized a quiz based on general awareness in the primary department where in all the students from classes I to V were involved.

Various facts about fruits, vegetables, Science, animals, India etc. and current affairs were discussed and students were made aware of them according to their level.

Students participated happily and with great enthusiasm. Many of them were well aware of various facts and current affairs and others were encouraged to learn them.

It was a fruitful effort taken by the school.
