

ST.CECILIA'S PUBLIC SCHOOL

Quiz Club Map Activity Class IX

As part of the Quiz club, various map activities were organised in TERM 1 for students of grade 9th which included activities to know more about the country INDIA.

Activity 1: India - States and Union Territories, its neighbours (Locate and label) was conducted in the month of May which helped students in improving their ability to identify and locate states and Union Territories which helped in enhancing their understanding of the geographical distribution of political regions across India.

In the month of July, activity 2: On a political map of India mark the following physical features:-Mountain Ranges, Mountain Peaks was conducted emphasizing the importance of Understanding the topography of India.

Through this activity, students achieved a clearer understanding of the diverse topography of India. It enhanced geographical literacy in terms of recognizing physical features and their locations.

Later in the month of August, activity 3: On a political map of India mark the following physical features:- Plateau, Coastal Plains was executed which improved students skills in using maps to understand physical landscapes.

By engaging in activities to locate and label states, Union Territories, and major physical features, students developed their spatial awareness and geographical knowledge. These activities not only helped students understand the Indian subcontinent's political divisions but also gave them an appreciation for the diverse physical features that shape the country's landscape
