

## St. Cecilia's Public School

### Mother's Day

Mother's Day was celebrated on 10 May.

**'God cannot be everywhere, so He created mothers.'** Every year Mother's Day is celebrated on the second Sunday of May.

The core thought and intention behind Mothers Day's activity was to give opportunity and access to children to showcase their love, appreciation and express their gratitude to their mothers.

The Mother's Day activity entailed making a painting of two birds- mother and her child, perched adjacent to each other on a tree.

It denoted the closeness and warmth between the two.

Students lovingly drew the painting using different colours giving their paintings a vibrant look.

Guided visualization of a mother and her selfless efforts and unending sacrifices to make her childrens lives better and shaping them to be good human beings was stressed upon by madam Meena. Some teachers posted cards on this day .

A 'thanks giving' song was posted by the music teachers where the students were told to appreciate their mother for being thoughtful and caring and to tell her how much she means to them.
