12th January is observed as National Youth Day every year. It is the birth anniversary of Swami Vivekananda, a prominent Indian philosopher and thinker. Therefore, it is also called Vivekananda Jayanti. Students of Class VIII had organized a Special Assembly to mark the auspicious day. The celebrations began with the name of the Almighty, after which the other events were scheduled. The pledge was taken after the prayer. One of the girl students demonstrated certain yoga asanas for our young champions in order to keep up the good health and maintain a cordial relation between the mind and body. The students also presented a play that highlighted the importance of a focused mind. In order to achieve our targets, we need to stay focused and concentrate on our work. We must give our cent percent to achieve success. Swami Ji's teachings and life-lessons are based on the premise of honesty and hard-work. Hard-work always pays. We must be honest in our dealings with everyone, especially our own self. Another pupil discussed the teachings of Swami Vivekananda, that lead us to the path of morality and prosperity. His lessons have always and still continue to guide us towards the right path. Some of the girl students had prepared bold beautiful dance performance that was based on virtues like determination and hard-work. The assembly ended with the National Anthem. Madam Principal appreciated the teacher's efforts and students participation and enthusiasm.
