

## St. Cecilia's Public School Scientia Club Activities 2019

Scientia Club organized 'Science poster making' competition for Classes IV to VIII to mark 'Earth Day'. The prime objective of the event was to make children realize that maintaining the serenity of the Earth is the joint responsibility of each one of us. The students were encouraged to keep their surroundings clean and green, practice zero carbon emission habit and reducing paper wastage.

To enhance curiosity and learning by doing, Scientia club conducted various activities and demonstrations in classes VI, VII and VIII in the month of May.

The students of class X conducted the activities and explained the scientific principles involved with their applications in day today life. Both demonstrator and observers enjoyed themselves. Senior students has gained confidence of public speaking. Madam Principal appreciated the students for their performance.
