

## **St. Cecilia's Public School**

### **'Letter to the Prime Minister'**

Swachh Bharat Abhiyan has been a great success in our country. In the month of October, 2019 the Editorial Club of St. Cecilia's Public School organized an activity wherein students of senior wing wrote a letter addressing the Prime minister of India.

Students gave their valuable and insightful suggestions on improving the implementation of Swachh Bharat Abhiyan. Some students chose to simply appreciate the effort behind the success of the campaign.

It was over-whelming to see active participation and involvement of students in matters related to the welfare of people in the country. The letters showed their awareness and sense of responsibility towards their country, society and surroundings.
