Teacher's day celebrations**

“Teacher - Being one is the highest privilege, having one is the best blessing.”

The proverb rightly justifies and suits well to the reason why today's celebrations were a must for each one of us.

Activities add zest and zing to the humdrum of school life. Bearing in mind this inevitable truth, the middle wing planned a day which was full of joy for all on the occasion of teacher's day.

The pandemic situation in no way lessened the spirit of celebration and the students participated enthusiastically, depicting their love for their teachers.

We marked the beginning of the day with the virtual assembly, seeking the blessings of Lord Almighty. This was followed by Principal mam's address to the students, instilling in students a feeling of love and respect for their teachers. This was followed by a ppt and a video song presentation on the occasion of teacher's day, which students enjoyed the most. Then came the turn of the much awaited card making activity. Students were very eager and enthusiastic for it and participated whole heartedly. They presented beautiful pieces of art. Students depicted great excitement and it was heartening to see the enthusiasm among our children. A spirit of fun permeated the atmosphere with students singing songs and reciting poems, depicting their love for their teachers. Various students presented ppts and video presentations, giving an expression to their excitement for being a part of the celebrations. It was truly enlightening for all the teachers to see the sparkling faces of children and their excitement level boosted an energy in all.

All in all, it was a truly refreshing and stimulating experience for everyone involved. A lot of learning and inspiration emerged from this experience for every student and teacher involved.
