

On the occasion of this special day – Teacher’s Day, the school organized fun filled celebration for their students. The celebration began with a short assembly which was conducted by the students where they acted as teachers and sang prayers, conducted yoga and physical exercises. They also spoke lines on Dr S. Radhakrishnan, our first vice president and a great teacher, on whose birthday every year Teacher’s Day is celebrated on 5<sup>th</sup> September. This was followed by Principal Ma’am’s message which was played by teachers for children. Children wished their teachers- A Happy Teacher’s Day and displayed the beautiful cards which they made for their teachers. They were very excited. Teachers briefed them about Dr S. Radhakrishnan. Children spoke lines on their favourite teachers, recited poems and sang songs for them. Many children dressed up like their teachers and taught in the class. Some of them spoke lines on the topic ‘Role of teachers in their life’. Some children displayed beautiful power point presentations. They danced and enjoyed the celebration. Children showed their love, respect and gratitude towards their teachers. It was really overwhelming and heart touching to see the children’s enthusiasm and love for all of us and their efforts to make us feel happy and special.
