

**St Cecilia's Public School, Vikas Puri**  
**Online Teacher's Day Celebrations 2020 for Staff Members**

The staff celebration of Teachers Day 2020 were carried out with zeal and excitement through digital Google Meet platform to mark the birth anniversary of Dr S Radhakrishnan and revere the teachers for their indelible influence in their students life. It was well noted that Teachers Day is a celebration of the special bond between students and their mentors who influence their lives in several ways. The day was celebrated differently this year due to COVID 19 but the spirits and the enthusiasm were as high as always.

The celebrations were presided over by Madam Manager and Madam Principal as the whole staff attended the celebrations for the day. Teachers presented Sanskrit Shloka recitals in praise of role of 'Guru' in one's life, divine blessings were sought from Almighty, teachers presented their views and thoughts about the paradigm shift in the role of the teacher in the teaching world due to COVID 19. Teachers also expressed their emotions in poetic lyrics and shared presentations to pay regard to the school management for persistent support, to Madam Principal for her constant encouragement and guidance, to colleagues for their continuous teamwork.

Madam Manager appreciated the indomitable spirit of staff members. She gave her blessings to all to march ahead to bear the light of knowledge high. Madam Principal also wishes Teachers Day to all present on behalf of Chairman Sir and Director Sir. She also congratulated all the teachers and staff members for their wonderful contributions in the field of education. The day showed that Teachers Day is celebrated because the society values teachers and deeply appreciates the commitment of the teaching fraternity to children of the school, community and the nation builders of tomorrow.

The day closed with a new energy and vigour in the teachers as the realization dawned on all that "Education is the key to success in life and teachers make a lasting impact in the lives of their students."
