

St. Cecilia's Public School
Teacher's Day Celebration
2021-22

"The whole art of teaching is only the art of awakening the natural curiosity of young minds for the purpose of satisfying it afterwards." – Anatole France

Parents are a child's first teacher who gives them life lessons and after them comes the Guru of teacher who leads the child ahead in life. In our young and impressionable years, our teachers played a very important role – They have been our role models, our inspiration, and parent-figures outside of our home who taught us many lessons about life. At times they might be tough on us but, in hindsight, it was only to mould and shape our talents, to make us fight our fears and to work on our weakness. In fact, a good teacher not only imparts knowledge to their students but they inspire, encourage and instill curiosity to find solutions to problems. To honour and celebrate our beloved teachers on this special occasion, Teachers' Day was celebrated in St Cecilia's Public School with zeal and enthusiasm through the digital medium of G Suite with students of classes IX to XII. The day also marked Dr Sarvepalli Radhakrishnan's birth anniversary and his contributions as a great teacher.

Teachers Day celebrations started with the special CT Live Session in the morning through Google Classroom meetings. The day was lead off with prayer song sung by the students, followed by an innovative inauguration address by Madam Principal for the students as she emphasized on the significance of the day. Many students in their respective online session gave the participants of the meeting, the teacher and the students, a peek into the life of Dr S Radhakrishnan through speech, expressions of gratitude for the teachers, Powerpoint presentations and poetry recitation.

Class I to VIII students expressed their gratitude towards their teachers during online session. Students of primary wing were very excited to showcase their talent. They took part in various activities -express yourself, role play, recital of shlokas and dohas, colourful and thoughtful cards , power point presentations etc. with lots of enthusiasm.

The online celebrations came to a close with a strong belief that the learning and teaching given by our teachers hold ultimate importance as they always guide their learner in thick and thin. So we must always acknowledge their contribution not just on a single day, yet throughout our life.
