“Mother love is the fuel that enables a normal human being to do the impossible.”

-Marion C. Garretty

Mothers are a priceless gift from God and a perfect amalgamation of love, devotion and sacrifice. The bond of a mother and her child is inexplicable and to celebrate this bond, Mother's Day is observed every year on the second Sunday of May. This year it was on the 12th of May. The Primary Wing of our School celebrated this day with great zeal and exuberance to foster the social and emotional health of the learners through motherly love and compassion.

Students from class I to V prepared heartfelt cards expressing their love and affection and admiration for their mother. Some also prepared beautiful photo frames and decorated it. Students of class III prepared a cut-out of a flower with their mother's picture pasted and described their mother.

The Mother's Day celebration was indeed a memorable event to witness how precious Mother's unconditional love is for each of us.
